the siver here is almost at a stand. The river here is almost at a stand. The Arkansas is falling slowly. White is also falling, with 41 feet to Jacksonport. The latest news from above will be found in our dispatches. The latest Ohio river advices, per mail, we take from the Courier of Friday.

The river is about stationary at this point, with 3 feet of water in the canal and 1 figot water in the chule. In the lower Ohio there is 31 feet water on the shoalest bars. The channel is instrious men; men that love home, that love their wives and children; men that are modest and sober and virtuous; men that are kind to their neighbors and be-loved by them; men that have merit, but do not tarnish it by exposing it on every occasion.
